## **Site-Specific Procedures:**

Have someone meet EMS/Police at the gate. DESIGNATE YOUR GATE ATTENDANT & SEND IMMEDIATELY TO WAIT FOR EMS.

Alert the site contact and follow any additional procedures they request.

Move any cars to clear a path and halt traffic for EMS.

Typically once site staff have been notified of an emergency they will take over and proceed with their EAP. They tend to ask all people who are not actively assisting with the emergency to leave the scene.

Keep in mind if night diving on Fridays or Saturdays, the local EMS stops running at 11:30pm.
